YYA System Change Goals

- The YYA Homelessness Initiative will create a more accessible and aligned system of housing and services for youth and young adults across King County. The system will
 - prevent youth in crisis from becoming homeless,
 - reconnect youth with family when it is safe and appropriate to do so;
 - will engage YYA immediately when they do experience homelessness and match them to the housing and services that most fit their needs and best practices; and
 - will collect system-wide data to understand progress towards ending YYA homelessness.

Priorities for Phase I

- Prevention and Early Intervention
- Data Coordination
- Coordinated Engagement
- Comprehensive YYA Planning
